

Choi, B., Yang, S., Song, J.-H. and Jang, T.-S. 2019. Karyotype and genome size variation in genus *Ajuga* L. (Ajugoideae–Lamiaceae). – Nordic Journal of Botany 2019: e02337

## Appendix 1

Table A1. Chromosome numbers in the genus *Ajuga* L. as previously reported in literature.

| Species                                | $2n$   | References               |
|--|--------|--------------------------|
| <i>Ajuga brachystemon</i> Maxim.       | 32     | Saggo and Bir 1981       |
| <i>A. chamaecistus</i> Ging. ex Benth. | 62     | Aryavand 1977            |
| <i>A. chamaepitys</i> (L.) Schreb.     | 28     | Kirschner et al. 1982    |
| <i>A. decumbens</i> Thunb.             | 32     | Funamoto and Ishii 2003  |
| <i>A. dictyocarpa</i> Hayata           | 64     | Hsieh and Huang 1995     |
| <i>A. genevensis</i> L.                | 32     | Markova 1982             |
| <i>A. incisa</i> Maxim.                | 32     | Funamoto and Ishii 2003  |
| <i>A. iva</i> (L.) Schreb.             | 80     | Kriemadi et al. 2002     |
| <i>A. japonica</i> Miq.                | 32     | Funamoto and Ishii 2003  |
| <i>A. laxmannii</i> (Murray) Benth.    | 62     | Markova and Ivanova 1971 |
| <i>A. lobata</i> D. Don                | 16     | Arora 1961               |
| <i>A. lobata</i> D. Don                | 36     | Bhattacharya 1975        |
| <i>A. macrosperma</i> Wall. ex Benth.  | 16     | Arora 1961               |
| <i>A. macrosperma</i> Wall. ex Benth.  | 32     | Bhattacharya 1975        |
| <i>A. makinoi</i> Nakai                | 32     | Funamoto and Ishii 2003  |
| <i>A. multiflora</i> Bunge             | 32     | Sokolovskaya et al. 1986 |
| <i>A. nipponensis</i> Makino           | 32     | Funamoto and Ishii 2003  |
| <i>A. orientalis</i> L.                | 64     | Rossitto et al. 1983     |
| <i>A. parviflora</i> Benth.            | 32     | Bir and Saggo            |
| <i>A. pygmaea</i> A. Gray              | 32     | Funamoto and Ishii 2003  |
| <i>A. pyramidalis</i> L.               | 32     | Markova 1982             |
| <i>A. reptans</i> L.                   | 32     | Markova 1982             |
| <i>A. spectabilis</i> Nakai            | 30, 32 | Lee 1967                 |
| <i>A. taiwanensis</i> Nakai ex Murata  | 32     | Hsieh and Huang 1995     |
| <i>A. tenorei</i> C. Presl             | 32     | Peruzzi and Cesca 2002   |
| <i>A. yezoensis</i> Maxim.             | 32     | Funamoto and Ishii 2003  |
